# About UniversalSoft

## Introducing UniversalSoft

UniversalSoft Ltd was established in 2002 by Dr Aziz Shaikh with the aim of being a one stop independent solution provider for biometric time & attendance and access control systems.

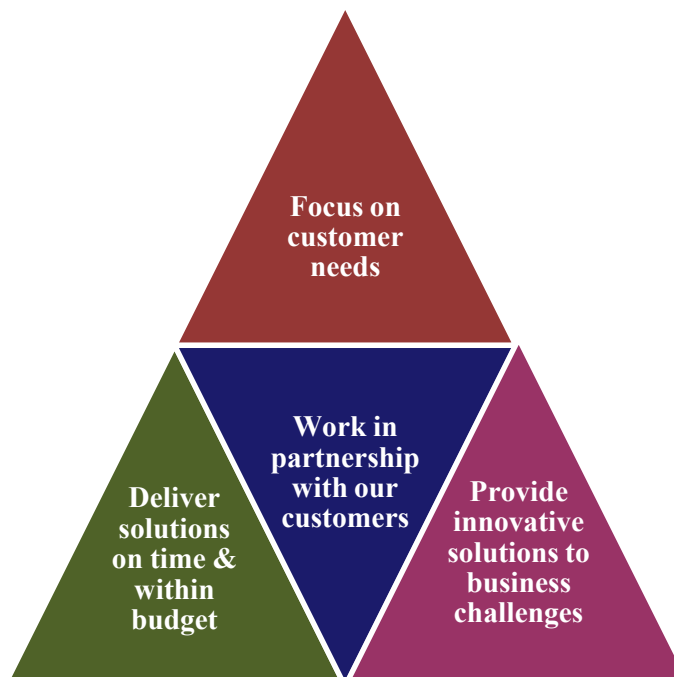

We are headquartered in London, UK but operate internationally and are focused in particular on the UK and Pakistan education markets.

Our customers include many Small to Medium sized Enterprises (SMEs).

With more than 15 years of experience in the education sector and 25 years of experience in the IT industry, we are well placed to help educational institutions derive maximum benefit by using our cutting edge systems and technology.

## Mission

Our mission is to provide flexible and appropriate ICT solutions to our customers that meet their business objectives, increase profits and enable them to grow

# About UniversalSoft

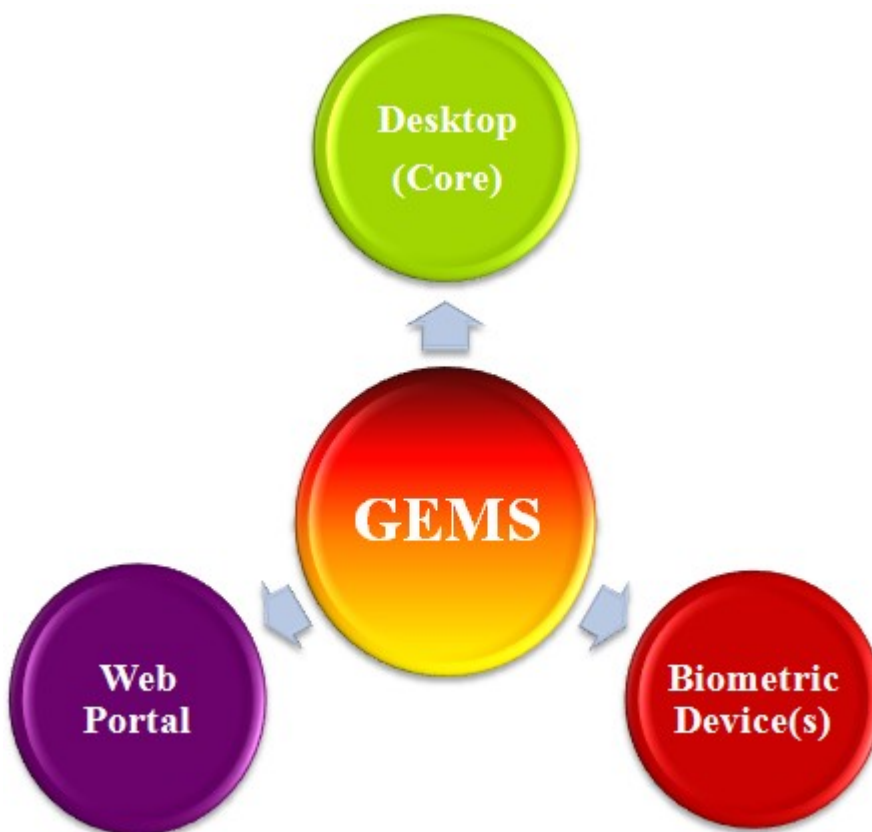

## Our Brand

### Genius Education Management Systems - GEMS

Our innovative, in-house designed and developed, Genius Education Management Systems (GEMS) offer a range of solutions in the Education market with a suite of modules that aim to deliver functionality, automation, accuracy, ease-of-use and efficiency for all educational stakeholders including Management, Administration, Teachers and ultimately the Students.

# About UniversalSoft

## Our Products

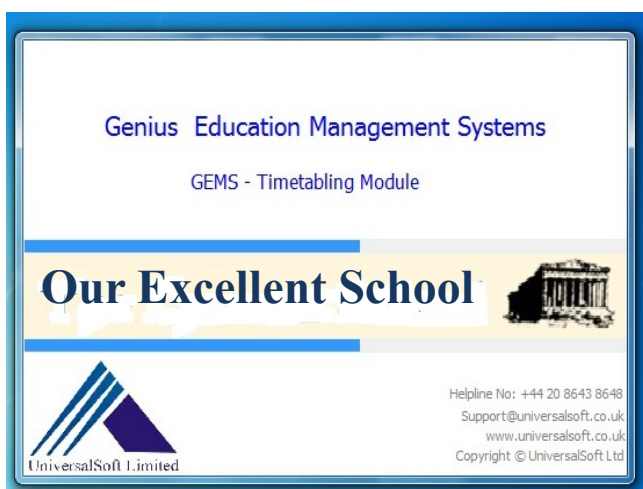

### GEMS-SMS: Our Students Management System

GEMS-SMS is the most comprehensive student management system customizable for the full range of higher education institutions.

### GEMS-TTS: Our Timetabling System

Staff and students' scheduling is a tedious and complex exercise for any educational establishment. It ties up human resources for a good number of weeks and quite frequently months consequently costing a lot of money. GEMS-TTS resolves a great deal of these issues by automating the scheduling process.
